Index of Titles

Due to the variety of languages used for the titles of texts, the English alphabet is followed in this index.

The tilde (~) represents the first part of a title, e.g. *Mahā Pirit* followed by ~ *Pot* = *Mahā* (or *Maha*) *Pirit Pot*; and this followed by ~ *Vahansē* = *Mahā Pirit Pot Vahansē*.

Many secondary works that are found in catalogues of manuscripts are listed at the end of the various sections. These have not been listed individually in the index as they can be readily found by looking up the first element of the title.
